Competent authority | The French financial markets authority (Autorité des Marchés Financiers, AMF) is responsible for supervising Palatine Asset Management in relation to this Key Information Document. PALATINE ASSET MANAGEMENT is authorised in France and regulated by the French financial markets authority (Autorité des Marchés Financiers, AMF) under no. GP05000014.

Date of production of the KID | 15/02/2023

Disclaimer

You are about to purchase a product that is not simple and may be difficult to understand.

What is this product?

Type | PALATINE AMERIQUE (here, “the UCITS” or “the fund” or “the UCI”) is a French mutual fund (Fonds Commun de Placement). This fund, like all UCITS, is not subject to corporate income tax. Each unitholder is taxed as if they were the direct owner of a portion of the assets, according to the tax regime applicable to them.

Duration | The UCI was incorporated on 07/07/2006 and its intended lifetime is 99 years.

Objectives | It aims to enable unitholders to obtain performance in their investments, over the recommended investment period of 5 years, through discretionary management focused on companies whose business is related to the environment.

PALATINE PLANETE promotes environmental and social aspects and, even though it does not have a sustainable investment objective, in accordance with Article 8 of the SFDR, the fund will have a minimal portion of 75% of sustainable investments that have an environmental objective. The environmental objective of investments that are considered sustainable that this financial product partially seeks to fulfil is to select European companies whose activity is related to the environment and particularly those that contribute to the fight against global warming, pollution, and the scarcity of resources. Moreover, such investments should not cause any material environmental or social harm. The fund also seeks to invest in companies which follow good governance practices.

PALATINE PLANETE is an SRI fund and as such applies the strategy described below:

- Definition of universe:** Multi-criteria, financial and qualitative selection, to define a universe corresponding to the investment criteria of the fund composed of European securities with a market capitalisation greater than €500 million, excluding securities without an ESG rating;
- Thematic filter:** Selection of 5 investment themes (Energy efficiency, Renewable energies, Water and waste management, Sustainable mobility, Healthcare and Well-being);
- ESG Selection:** Exclusion of 20% of securities in the universe with the lowest ESG ratings according to the ‘Best-in-Universe’ approach and taking non-financial analyses into account;
- Fundamental analysis:** Selection of the best companies based on their financial characteristics.

The UCITS is eligible for the French personal equity savings plan (PEA) and as such invests at least 75% of its assets in equities of eligible European Union companies. It may invest up to a maximum of 10% of its net assets in debt securities and money market instruments denominated in euros, and/or in units or shares of UCITS and AIFs.

It may use futures on equities and indices to hedge exposure to equity risk, to adjust exposure or to replace direct securities holdings. The Euro Stoxx 50 net dividends reinvested index is the ex post comparison indicator.

AMF Classification | European Union Equities.

Benchmark | From 1 October 2019, EuroStoxx 50 net dividends reinvested. Until 30/09/2019, MSCI World with net dividends reinvested.

Allocation of income | Accumulation.

Cut-off time for the centralisation of subscription/redemption orders | The investor may request the redemption of his or her units on any business day before 11.30 am; this redemption will then be executed on the basis of the net asset value dated the same day.

Valuation frequency | Each stock market trading day in Paris, with the exception of legal holidays according to the French Labour Code.

Intended retail investors | All subscribers, and in particular legal entities

Insurance | Not applicable.

Maturity Date | This product does not have a maturity date.

Depository | CACEIS Bank

The prospectus, annual reports, and the latest interim documents, as well as any other practical information and specifically where to find the latest price of units are available on our website www.palatine-am.com or freely upon written request to: Palatine Asset Management - TSA 60140 - 93736 Bobigny Cedex 9, France.

What are the risks and what could I get in return?

Risk indicator

Lower risk,

Higher risk,

The risk indicator is based on the assumption that you will keep your units for 5 years.

 The actual risk may be very different if you opt to leave the investment before maturity, and your return may be less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified the product in risk class 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you.

Performance scenarios (amounts in Euros) |

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst and best performance, as well as the average performance of a similar product over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 5 years

Investment example: €10,000

Scenarios		If you exit after 1 year	If you exit after 5 years (Recommended holding period)
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	€5,140	€1,970
	Average return each year	-48.60%	-27.74%
Unfavourable	What you might get back after costs	€8,440	€9,190
	Average return each year	-15.60%	-1.68%
Moderate	What you might get back after costs	€10,650	€13,990
	Average return each year	6.50%	6.95%
Favourable	What you might get back after costs	€13,060	€17,610
	Average return each year	30.60%	11.98%

This was an unfavourable scenario for an investment from December 2021 until January 2023, moderate from May 2013 until May 2018 and favourable from November 2016 until November 2021.

This chart displays the amounts you might get based on different scenarios and in the following settings:

- an investment of €10,000;
- and holding periods of 1 year and 5 years, the latter being equal to the recommended holding period.

These different scenarios show how your investment may perform and allow you to compare with other products.

The scenarios presented are an estimate of future performance based on evidence from the past on how the value of this investment varies. They are not an exact indicator. What you get will vary depending on how the market performs and how long you keep the investment/product. This product cannot be easily cashed in. If you exit the investment earlier than the recommended holding period you do not have a guarantee and you may have to pay extra costs (where there are exit costs).

What happens if PALATINE ASSET MANAGEMENT is unable to pay out?

Assets of the product are held in custody by the depositary of your product, CACEIS Bank. The funds of the investor or the income of the UCI are paid to one or more bank accounts opened in the name of the UCI in the books of a third-party banking institution (the depositary of the Fund). Consequently, the default of PALATINE ASSET MANAGEMENT would not have an impact on the assets of the UCI. The UCI does not benefit from a compensation system. If the depositary defaults, the risk of financial loss to the Product is mitigated due to the legal segregation of the assets of the depositary from those of the Product.

What are the costs?

The person selling you or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time (amounts in Euros)

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product, and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- that in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- €10,000 is invested.

	If you exit after 1 year	If you exit after 5 years (Recommended holding period)
Total costs	€463	€2,304
Cost impact(*)	4.63%	3.31% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the end of the recommended holding period your average return per year is projected to be 10.26% before costs and 6.95% after costs. This illustrates the effects of costs over a one-year holding period.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

Composition of costs:

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	2.00% of the amount you pay in when entering this investment This is the most you will be charged. The person selling you the product will inform you of the actual charge.	€200
Exit costs	We do not charge an exit fee for this product, but the person selling you the product may do so.	€0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% of the value of your investment per year. This is an estimate based on actual costs over the last year.	€147
Transaction costs	0.85% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	€83
Incidental costs taken under specific conditions		
Performance fees and carried interest	20% of the difference between the fund's performance and that of the benchmark between 01/03/2021 (performance fee implementation date) and 31/12/2021. The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.	€32

How long should I hold it and can I take money out early?

The recommended investment period is at least 5 years due to the nature of the underlying of this investment. The units of this UCI are medium-term investments and must be acquired for the purpose of diversifying assets. You can request the redemption of your units on a daily basis. Redemption transactions are carried out on a daily basis. Holding for less than the recommended period may be detrimental to the investor.

How can I lodge a complaint?

You can lodge a complaint related to the product or the actions of (i) Palatine Asset Management, (ii) a person who offers advice on this product, or (iii) a person who sells this product by sending an email or a letter to the following persons, as applicable:

- If your claim relates to the product itself or the actions of Palatine Asset Management: Please contact Palatine Asset Management, by email (contact@palatine-am.com) or by post, preferably with proof of delivery (Palatine Asset Management - à l'attention de la direction risques et conformité - TSA 60140 - 93736 Bobigny Cedex 9, France). Details of the process for handling complaints available on the company's website, www.palatine-am.com
- If your complaint concerns a person who provides advice about the product or who offers it for sale, please contact that person directly.
